

APIARIST SET

The **APIARIST SET** also offers bees optimal energetic support. The combination of the three products below increases the energy in and around the apiary. For more stable health and stronger colonies.

TERRA SET

Ensures a harmonious energy field. Near the beehive Bury 12 balls in a circle, place the 13th ball in the center.

PROPHYLAX SPRAY

In case of infestation by the harmful varoa mite or for prophylaxis. This spray does not contain any chemical substances. Add 6 squirts of PROPHYLAX SPRAY per liter to the sugar water.

SANA LEA OMNIGOLD

To harmonize electrosmog influences and to increase life energy. Hang in the apiary, as close as possible to the bees (even if there is no electrosmog). It can be attached directly to the wall or placed on a wooden stand.
