

# SPIRAL RING

The **SPIRAL RING** has a highly creative potential. Creating something out of «nothingness» is its greatest strength, because all Creation arises out of energy vortexes. Conversely, energy blockages and congestion can be resolved. The energy of the SPIRAL RING dives into the problem, brings the cause to the surface and dissolves it.

It is suitable both for wearing as a pendant, as well as for placing on energetic-therapeutic treatments. Even in case of pain, the SPIRAL RING (especially indigo blue) can be used well.
